A SPECIAL ATTRACTION for Albany's Marin School PTA Carnival of Nations to be held Saturday, October 25 from 11 a.m. to 4 p.m. is the Voo Doo Hoo Boo Fun House which will be located on the stage of the auditorium.

Under the direction of Al Drozda, president of the Dads' Club, William Potts, Gerald Thauberger, Eldon Wolf, Frank Eggert, Ted Latvala and other volunteers are building the fun house, and promise it will have all the thrills and surprises as one at the beach. Dads, also, will be lending their talents on Saturday to build and help staff the many booths and games.

SATURDAY, OCTOBER 25 is the awaited date of the Halloween Costume Dance sponsored jointly by the Alameda County Council and Auxiliary of the V.F.W. One need not be in costume to attend, but prizes will be awarded. Dancing will be at the Alameda Veteran's Memorial Building, Walnut and Center Sts., 8 p.m. to 12 p.m. Paul Michaels' Orchestra will play and among those present will be the Lady known as Lou accompanied by

Dangerous Dan McGrew.

Those serving on the committee and chairman of same are expected to report at 7 p.m. to have all in readiness for a smooth running affair. Dancers and non-dancers are assured of a good time.

AN OUTSTANDING EVENT for the Saturday, October 25, Marin PTA Carnival of Nations is "Magic and Mystery," to be presented every half hour.

Paul, the magician, is well known throughout the Bay Area for his feats of magic which will delight both young and old. Paul's Puppets will feature a modern Punch and Judy show. Come and see the clown, the alligator, the spider, the policeman, Punch and Judy on the stage in Room 1, Marin School, 1400 Marin Avenue, Albany.

Dental Auxiliary To Meet Oct. 24

The Women's Auxiliary of the East Bay Dental Societies will hold their luncheon meeting Friday, October 24 at the Hotel Claremont in the L Horizon Room.

Senior Citizens

Hold Afternoon

Meeting on Oct. 7

The Senior Citizens of Albany at 350 Masonic Avenue held their regular afternoon meeting on Tuesday, October 7.

The lunch at this meeting was highlighted by home baked apple pies, some of them still piping hot from the oven. These pies were baked by members of the club from the apples donated by George Irwin. The usual hot coffee was also served. This lunch was a welcome change from the usual "cake and coffee."

The club members were all saddened by the death of Anna Zennick, one of the oldest members, and their sympathy goes out to her bereaved sister, Hilda Breiting, who is also a member of the club. A large number of the seniors attended the services at the Ellis-Olson Mortuary on Friday afternoon.

Two of the members, Julian and Katherine Kay are taking a delayed honeymoon in Texas, Julian's former home.

Plans are going forward for the Hobo dinner and entertainment on October 28, at 7 o'clock p.m. A charge of 25 cents will be made for the stew and an evening of entertainment is promised, centered by a short skit put on by members of the club.

Don't forget the bazaar on October 30 from 10 to 4 at the former Denham store building next to the post office.

Technologists Hear Dr. Cheek

The regular monthly meeting of the East Bay Chapter, California Association Medical Laboratory Technologists was held Thursday, October 16 at 8 p.m. in the Staff Hall, Alta Bates Hospital, Berkeley.

Speaker for the evening was David B. Cheek, M.D. Dr. Cheek spoke on "Uses of Hypnosis in Medicine."

The first Marine Corps recruiting station was Tun Tavern in Philadelphia, Pa.

St. John's Plans Turkey Barbecue

St. John's Church, El Cerrito, Fiesta and the Grand Opening of the El Cerrito Plaza, October 23, 24 and 25.

Les Brown, president of the Chamber of Commerce, announced that the California Turkey Promotion Board will furnish and barbecue turkeys in open pits at El Cerrito Plaza for the expected crowd of 750 to 1000 persons. Proceeds from the barbecue will be shared by the Cato Club and the Chamber of Commerce for charitable and purposes.

THE COUNCIL OF THE CITY

OF ALBANY DOES ORDAIN AS FOLLOWS:
Section 1. SubSection 11 is hereby added to Sub-Section (a) of Section 4 of Ordinance No. 351, and shall henceforth read as follows:
11. Motels on property within the Second Residential District which is contiguous to commercial district property and which the commercial district property and the second residential district property are used together as a part of one motel operation provided that a Use Permit has been granted by the City Council in accordance with the provisions of Section 11.B hereinafter set forth.
Section 2. Section 11.B is hereby added to Ordinance No. 351 of the City of Albany and shall henceforth read as follows:
Section 11.B. Use Permits — Motel.
(a) Purposes for which issued. Use Permits may be issued by the Council of the City of Albany for the construction, erection and use of property within the Second Residential District as a motel provided, that said motel shall be located on both commercial district and second residential district properties which are contiguous one to the other.
(b) Application. Application for a Use Permit for construction and operation of a motel on Second Residential Property contiguous to commercial property shall be made to the City Council of the City of Albany and shall be accompanied by plans and elevations necessary to show the detail of the proposed use.
(c) Public Hearing. A public hearing shall be held within thirty (30) days after filing of the application. Any applicant seeking a Use Permit for motel purposes and all persons whose names appear as owners of property within a radius of 275 feet from the property sought to be used as a motel, shall be notified by mail of the date and place of the hearing above mentioned; if at the time of the hearing thereon, a protest against such Use Permit is presented, either written or oral, by twenty percent (20%) or more of the owners to whom notices have been sent, no such Use Permit shall be granted except by a four-fifths (4/5) vote of the City Council; for the purposes of this Section, ownership vested in both husband and wife shall be considered as one owner, and the protest of husband and wife shall be considered as one protest.
(d) Use Permit. A Use Permit for motel, if granted by the City Council of the City of Albany, may be on such terms as the City Council may designate. If no definite term for the use is fixed, it shall be construed as an indefinite term.
(e) Revocation. Use Permits for motels may be revoked by the City Council of the City of Albany on the majority vote of the City Council and a determination by the City Council that the conditions for granting and keeping the Use Permit have been violated or that the use of the property as a motel has terminated.
(f) Fee. The fee upon application for such Use Permit shall be Five Dollars (\$5.00) payable

to the City Clerk at the time of application.
Section 3. This Ordinance shall be published once in the Albany Times, a newspaper of general circulation within the City of Albany, which is hereby designated for that purpose, and shall become effective on and after its final passage, adoption and publication.

BEAUTIFULLY

Ford's new 9-passenger Country Sedan!

PROPORTIONED CARS

To say the 59 Ford is "new" . . . is an understatement. For the 59 Ford is much more: it's a brilliant kind of newness. It's a newness of beautiful proportions . . . not a bulky, "padded shoulder" look, but a classic rightness of space, size and line. It's a departure from the humdrum in cars to the exciting elegance of the Thunderbird. And there you have it: the 59 Ford is a perfect blending of Thunderbird elegance with the world's most beautiful proportions! There's a happy ending, too. The 59 Ford is a masterpiece of underpricing! Why not come in and Action Test one of these beautiful new Fords today?

NEW! 59 Ford awarded Gold Medal for beautiful proportions by the Comité Français de l'Elegance at Brussels World's Fair. You'll admire the crisp styling of the new Thinline roof, the fresh, straight-through look of the big picture windows that surround you.

NEW! Save up to 5 cents on every gallon of gasoline! Every standard Ford engine — Six or Thunderbird V-8 — thrives on regular gas at regular prices. And with Ford's super-efficient, Full-Flow oil filter you change oil only at 4000 miles instead of the 1000 often recommended.

NEW! A simplified, low-cost Automatic Drive! Team this all-new Fordomatic with Ford's Mileage Maker Six or Thunderbird V-8 and enjoy automatic driving at a price within everyone's car budget! With nearly a third fewer parts, upkeep costs are lower, too!

One answer to today's high cost of living is to drink more good fresh milk. Every time you enjoy a quart of milk, you increase the food value of your diet and enhance the purchasing power of your food dollar. While other food costs have soared, milk prices have lagged behind. In fact, if milk prices had gone up like other foods, you would be paying 42¢ a quart now — instead of just about half that much! Be Certain Your Parked Car is Safe

Runaway horses are a rare hazard in contemporary city life. Runaway cars are not so rare.

To make sure that your car stays parked the next time you park it, you might take some of the following tips passed along by the National Automobile Club.

Before leaving your car, even on level ground, be sure that your hand brake is on and is firmly set. Other cars can shove your unbraked car around, possibly shove it in front of a fire

hydrant or into some other NO PARKING zone.

Before leaving your car on a hill see that the hand brake is on and is firmly set, add substantially to this braking power by leaving your car in low gear or reverse, and always have your front wheels blocked securely against the curb.

These may seem like little precautions, but they may prevent much damage of property and possibly much loss of life.

California Gets Highway Funds

California leads the nation in the receipt of an apportionment of \$302 million in Federal funds for highway improvement for the fiscal year 1959. Effective August 1, 1958, the National Automobile Club reports that this amount is \$2 million more than the largest annual prewar authorization of Federal aid for the whole United States.

Included in the new apportionment is \$252,779,755 for California's part in the National System of Interstate and Defense highways. Primary and secondary systems will receive \$29,200,000 together with \$20 million going to urban highway development.

The first amphibious landing was made in March, 1776 by Continental Marines who captured Fort Montague on the Island of New Providence in the Bahamas.

The New Cars And How They Were Designed

Each year when the new cars roll off the assembly lines, the general public gets to see the product of a great deal of hard work on the part of both engineers and artists.

The engineers, points out the National Automobile Club, have fairly well in mind what the people want in the way of driving comfort and driving convenience, just how much space they want for their feet and for their heads, and just how high or low they want those seats to be. But the artists have to go to work with their creative imaginations and fit all this package of needs into

a physical pattern that will have grace and beauty. The two groups check with each other all through the process.

Probably the first step in the process is that of making a life-size drawing of the proposed sedan model and mounting it on a wall. With this drawing before them the engineers and artists discuss the various features of the model and settle any little problems of design that might arise.

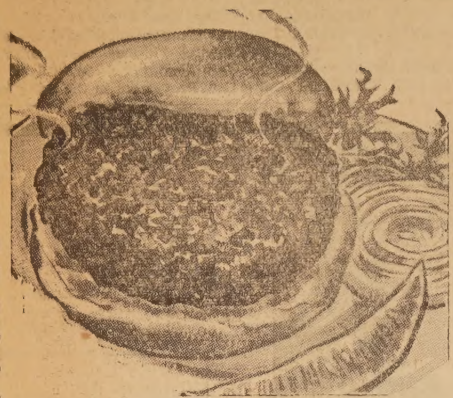

When the life-size drawing has been okayed, the whole thing is then set up in a life-size clay model and another conference of engineers and artists is held to discuss any problems of production that might become clear when viewing the new car "in the round." After this step a second clay model is made in which all interior trappings are set in place and any problems that they might present are analyzed.

When the new model has gone through the drawing and model stages and has come through all these successfully it is then ready to be put into production. Templates are made, and dies, the dies mounted in giant presses, and the whole thing moves to the assembly line. And after the assembly line has done its work the new model, all glitter and glamor, and graceful new curves is ready for you and the wide, open road.

DON'T LET THIS HAPPEN TO YOU!

Who wants to be stuck for a NEW STATE SALES TAX ON FOOD? Or new and higher taxes on Gasoline? Or a new State tax on Homes?

Nobody—of course!

Yet State officials, business economists and tax experts agree that these are the almost certain results of passage of Proposition No. 17—the Monkey Wrench Tax Bill on the November 4 ballot.

No. 17 is called the Monkey Wrench Tax Bill because it would wreck the machinery of State government by its irresponsible tax tinkering.

By reducing the State's chief source of revenue—the sales tax—No. 17 would imperil appropriations for schools, hospitals, aid to needy children and the aged. By hiking California income tax rates to the highest in the nation, No. 17 would drive business from California and threaten job security.

Who'll pay to put the pieces together again if the Monkey Wrench Tax Bill strikes? Middle and lower income bracket people would pay the most—through new and more burdensome substitute taxes at both the State and local levels. Don't let it happen to you!

These, and hundreds of other responsible California organizations agree:

What's 'Good' about "The Good Old Days"?

The proponents of Proposition 18, the so-called "Right to Work" initiative, would like to take California back to the "good old days." If Proposition 18 becomes law, Californians will discover that the "good old days" are a myth.

The average man—especially the California worker—is better off in every way than the worker of 20 years ago. First of all, he makes more money—not just a bigger paycheck but a paycheck that BUYS MORE.

For example, the California worker in manufacturing in 1940 earned an average of \$28.64 per week as compared with the current figure of \$92.89—better than a 300% increase!

Secondly, for more money and more things today's worker spends less time on the job—an average of 5% a week less, according to the Bureau of Labor Statistics.

The advantages can't be measured in dollars alone. Think of the security benefits that have been won over the bargaining table since those "good old days." Paid vacations—insurance benefits—workers' compensation—child labor laws—overtime pay—industrial safety measures—retirement plans—are all "extras" which we take for granted.

You are being asked to return to the "good old days" when the worker was virtually denied the right of effective association—when profits for a few were high and the pay for the many was low—when the merchant and the doctor had to wait on workers who couldn't afford their goods or services. All this is promised under a beguiling phrase called "Right to Work."

The fact is that the California worker never had it so good! A "Right to Work" law would give us the old days WITHOUT today's tremendous advantages. Vote NO on Proposition 18. Last on the ballot—first in importance!

The Citizens' Committee Against Proposition 18

Joseph Smith, Chairman, urges you to

VOTE NO ON PROP. #18

The so-called "Right to Work" law

Changes in Social Security Laws

The Social Security Amendments of 1958 will provide increased monthly payments to 17,000 people in Contra Costa County, beginning with checks which are due early February 1959, according to J. J. Shea, social security district manager in Berkeley. Amount of the increase will average about 7 per cent. The new law will mean total benefits of over \$1 million per month will be paid in Contra Costa County.

People who are already getting social security payments do not need to apply for the increase. It will be automatically added to the checks for January, which will be mailed out early in February.

Under other changes made by the new law, social security benefits will become payable to a number of people not previously eligible for payments. They must, however, apply to their social security offices before payments can start. Among the groups now eligible because of the amendments are:

1. Dependents of people who are 50 or over and who are now

getting disability insurance benefits.

2. Disabled people 50 or over who could not qualify for benefits under the old law because they did not have as much as 1½ years of work in the 3 years before they were disabled. (A total of at least 5 years of work under the law is still required).
3. Dependent parents whose son or daughter died after 1939 and who could not qualify for benefits under the old law because the son or daughter left a widow, widower, or child.
4. Adopted children whose adopting parent began receiving retirement benefits less than 3 years after the adoption.

5. A person receiving benefits who marries another person also receiving benefits can continue to receive monthly checks, or can become eligible as a dependent of the new husband or wife without waiting 3 years.

Some people in situations similar to those mentioned above may have applied for benefits in the past and been notified that they did not qualify for payments. These people should get in touch with their social security district offices promptly about filing new applications, Mr. Shea noted.

Disabled workers whose social security disability benefits were reduced or were not payable because they received workmen's compensation or other Federal disability payments will begin to receive the full amount of their social security disability payments. These people do not have to file applications. Their social security checks will be started automatically with checks mailed out early in September.

There is a slight change in the rules on how much a social security beneficiary may earn and still get social security benefit payments. Under a new provision a person's social security benefit will not be withheld for any month in which he neither worked in his own business nor earned over \$100 in wages.

Beginning January 1, 1959, the social security tax rate for em-

ployees and employers will be 2½ per cent each. The rate for self-employed people will be 3½ per cent. Starting with 1959 the first \$4800 of earnings in a year will be taxed for social security and will count toward social security benefits.

The Berkeley social security district office is at 1945 Addison. It is open from Monday through Friday, from 8:30 a.m. to 4:30 p.m. In addition part time service is provided in Crockett, Martinez, Pittsburg, Antioch and Concord.

Mr. Shea emphasized that it is not necessary for people already receiving monthly payments to apply for the automatic increase. It will be added to the January checks, which will be delivered early in February.

Calif. Highway System Shows Substantial Gain

Significant gains have been made in California on the National System of Interstate and Defense Highways. The National Automobile Club announced today that since the passage of the Federal-Aid Highway Act of 1956, California has to date completed 47.4 miles of her share of the nationwide network. Total programmed miles of the system for California now stand at 181.9 miles of highway.

Costs for the completed portion of the highway are recorded at \$43,238,000 with the Federal government participating in the amount of \$27,368,000. Additional mileage on the defense highway within the State will cost an anticipated \$542,331,000 with Federal participation of \$273,310,000.

NAC also reports that in the 23 months since the passage of the Act, 4,358 miles of construction have been advertised, put under way, or completed, at an estimated cost of \$2.23 billion. Preliminary engineering and right-of-way acquisition authorized in the same period amount to \$1.44 billion.

FASHION TEST FOR PHONES—how we check new designs with you today so your phones will give more pleasure tomorrow

What would you like your telephones of tomorrow to look like? What shape? What size? What design? These are questions phone man Arland Snarr, top picture, is asking Mrs. Helen Hoffman. She's helping us test new phone designs for beauty and convenience. Of course, you can't get these phones today. The bedroom phone, front in the top picture,

and the other with the novel dial, are strictly test phones. Mrs. Hoffman kept each in her home for a month. Now she's giving her opinion of them. Her answers, plus those of hundreds of other style-testers, will guide us. They'll help us do a better job for you—help us design phones for your home that you'll like both for beauty and convenience.

A Good Deal Depends Upon Your Realtor

★★ Try \$3000 Down
Where else can you find a 4-bedroom home with financing like this? Moreover, the home is immaculate. Extra TV room. Cragmont School district, level rear yard. Evenings, Mrs. Greer, Landscape 6-9425.

★ Ideal for Tots

On warm days the large level easy-to-watch yard is excellent. On cold days the enclosed porch is fine. See this 2-bedroom step-saver home near Kensington School and transportation. Evenings, Mrs. Merrill, Landscape 6-0709.

★★ Three Bedrooms
Owners expect to move out of town and offer this attractive Kensington home. Ideal for children. Near bus stop. Walking distance to grade school. Evenings, Mr. Foster, Landscape 6-6038.

★ Price Is Down

Do you need overflow space for your teenager? Then the insulated rumpus room in this 2-bedroom home will solve the problem. Large nearly level lawn. Kensington area. Evenings, Mrs. Ellis, Landscape 5-8727.
